

Cold/Inclement Weather Cancelled Training Policy

(Approved/Amended by CWASC Board of Directors on April 22, 2025)

a) WinSport/COP

Training will be cancelled only if WinSport/COP or other designated training location does not operate due to cold/inclement weather. Athletes are required to have cold weather gear including:

- Face Protection
- Mitts
- Hand and Toe Warmers
- Multiple Clothing Layers

Training cycle times will be adjusted with more warmup breaks. Close attention will be paid to each athlete for frost nip.

b) Training Location

If weather forecasts are anticipating extreme cold or storm conditions with poor road conditions at a scheduled mountain training location, Calgary Westside Alpine Ski Club (CWASC) reserves the right to change the venue back to WinSport/COP. Cold weather is more easily managed at WinSport/COP.

Alternatively, if weather forecasts are anticipating extreme cold or storm conditions at WinSport/COP, CWASC reserves the right to change to a more suitable location if possible.

c) Cancelled Training - Makeup Sessions

Efforts will be made to schedule make-up training sessions during the regular season, and CWASC reserves the right to extend the season if possible. Should no make-up opportunities be possible, or an athlete is unable to attend, no refunds or credits will be issued.
